We are grateful to Brig.®Pervez Bashir Nawaz Khan SI (M) for kindly agreeing to sponsor a Primary Health, Ultrasound, MCH Centre at Lahore in the name of his daughter 'Mehvesh Hesham'.

Brig ® Pervez Bashir Nawaz Khan is associated with Children Health & Education Foundation as a member of Council of Advisors since July 2007. He had visited our Mrs. MumtazTarin Primary Healthcare Center sponsored by Mr. Azmat Tarin at Lahore and remarked "CHAEF is one of those organizations that works on grass root level without any greed for the publicity or reward This is the reason why it has been able to successfully implement its program all over the country and has gained the respect of the local communities. Social service is by far chosen path by Allah into seeking His blessings and CHAEF has certainly taken the initiative to come closer to Allah".

He had made commitment to help CHAEF raise funds for the establishment of a primary health care centre (PHCC) which he has fulfilled by sponsoring a PHCC in front of Expo Center Lahore.

Message of our Sponsor Mr Shaukat Tarin

The major issue faced by poor in our society is lack of basic medical treatment particularly early detection of diseases that can later become terminal.

CHAEF is addressing this problem by opening Basic Health Clinics that provide free treatment, medical tests early detection of diseases and above all free medicines. All this is being done in a very novel way. Each center is being sponsored in some poor neighbourhood by generous individuals. I would urge you to do the same and serve humanity. GOD BLESS YOU.

Shaukat Tarin

We are most grateful to our honourable Sponsors / Patrons, for their generous support and contribution to the Foundation for sponsoring the School, Primary Healthcare, Ultrasound and Computer Training Centres.

Diagnose and Treat Terminal Diseases before it is too late

The objective of CHAEF is to provide primary healthcare facilities to poor and needy at their doorstep totally free of cost and to refer patients having symptoms of deadly diseases - Diabetes, High Blood Pressure, Heart Attack, Kidney and Eye related diseases to the specialized Hospitals for timely treatment.

CHAEF is presently running 46 health and education facilities all over Karachi including one primary healthcare centre at Lahore. Over one million patients have been treated, 32,024 women benefited from our Mother and Child Health support including ultrasound facilities. Normal question in the mind of every one is - why CHAEF an organization that advocates for Children monitor women related diseases? It is because women are primary caregivers of children. Women's well being contributes to the well being of their offsprings. Healthy and empowered women are most likely to have healthy, educated and confident children.

We invite you to join us in our efforts by making a donation to enable us to provide FREE primary health and Mother & Child care to the poor and needy.
